

# ABLE EQUIPMENT RENTALS

## DAILY INSPECTION REPORT

The purpose of this checklist is to serve as a convenient tool for operators to comply with WCB standards. This checklist is not inclusive of all pre-operation requirements, nor a replacement of the equipment manufacturer operator's manual. This checklist does not alter or determine compliance responsibilities.

ITEM	INSPECT FOR	<input type="checkbox"/>
Operators Manual	In manual holder	<input type="checkbox"/>
Electrical System		
Battery fluid level	Proper level	<input type="checkbox"/>
Battery terminals	Clean, connections tight	<input type="checkbox"/>
Battery charger	Proper operation	<input type="checkbox"/>
Cables & wiring harness	No wear or physical damage	<input type="checkbox"/>
Hydraulic System		
Fluid level	Between full and add marks	<input type="checkbox"/>
Hoses, tubes, fittings, drive motors	No signs of leaks	<input type="checkbox"/>
Free-wheeling valve	Fully closed	<input type="checkbox"/>
Tires and wheels	Check for wear, bulges, cuts	<input type="checkbox"/>
Parking brakes	Proper cam orientation (not locked on/off)	<input type="checkbox"/>
Ground strap	In place and securely fastened	<input type="checkbox"/>
Lower control station		
Operating controls	Proper operation tested	<input type="checkbox"/>
Emergency stop	Shuts off lower controls and/or machine	<input type="checkbox"/>
Lowering alarm	Sounds when platform lowers	<input type="checkbox"/>
Emergency lowering	Proper operation	<input type="checkbox"/>
Flashing lights	Proper operation	<input type="checkbox"/>
Structures		
Grease and lube weekly	Grease and lube all points	<input type="checkbox"/>
Weldments	Welds intact, no damage or deformation	<input type="checkbox"/>
Rollers and slide blocks	Proper operation, no damage	<input type="checkbox"/>
Fasteners	Check for loose, broken or missing	<input type="checkbox"/>
